Donna Gittleman
Director of Student Services

March 16, 2020

Dear Parents and Guardians,

Earlier today, you received notification that all students are entitled to free meals during our school closure. Prepared grab and go meals will be available as a drive up service in the school's bus lane this coming Wednesday from 9:00 am – 10:00 am. This service will continue each Monday and Wednesday throughout the closure.

Our staff is diligently working to prepare for Supplemental Learning while our students are at home. We will notify you within a day or so regarding specific information. We will be conducting a survey to be certain your student has what he or she needs to maximize their learning experience under the direction of his or her teacher.

Lastly, Salem School will be open tomorrow, Tuesday, from 9:00 am – 3:00 pm for you to pick up student belongings and musical instruments.

To avoid large groups of students congregating together tomorrow, we would like you to follow this link to sign up for a time through Signup Genius: <https://www.signupgenius.com/go/70A0A4AAFA92DA7F85-school>

After tomorrow you will not be able to access the school. Our custodial staff is continuing to work to sanitize and clean the school. Our nurse has made individual arrangements to distribute student medication.

Thank you for patience as we communicate details to you. As you know, information is disseminated to us multiple times per day from local, state, and federal authorities.

Sincerely yours,

Joseph Onofrio II
Superintendent
Salem School District
