

SALEM SCHOOL DISTRICT  
Salem, Connecticut

COMMUNITY RELATIONS

PUBLIC PERFORMANCES BY STUDENTS

The Board of Education recognizes the educational value from student participation in civic and community events. School groups may, as authorized by the Superintendent, participate in such events whether on or off school grounds. Teachers are encouraged to prepare students for public performances which contribute to student education when they don't interfere unduly with other educational activities or programs.

School groups may not participate in events solely held for private gain, for advertising commercial products or projects, or events that promote any political issue, candidate or religion.

At least once a year all parents will be notified that photos, videos or recording of students may appear on local cable access, the Salem School District website or in local publications.
